# PIPE CLEANER CHRISTMAS TREE

Follow the instructions below to create your own unique tree decoration.

## You will need:

- 30cm (or 12 inch) green pipe cleaner
- Gold star sticker
- Craft beads (12 per decoration)
- 15cm length of string (gold if possible)
- Scissors

## What to do:

1. Feed the beads onto the green pipe cleaner
2. Tie the string into a loop. Bend the end of the pipe cleaner over the gold string for a hanger. Slide the star bead up to the fold.
3. Shape the pipe cleaner into a tree, spreading out the beads evenly to "decorate" the tree.
