

## **Jingle Bells Game**

**Jingle Bells** is a fun and active Christmas game, especially for younger children but suitable for all ages. You will need an open space for everyone to move around.

**Age:** All ages

**No. of players:** 4 or more

**Equipment:** A bell; one blindfold per player

**Time:** 10 minutes+

**Aim:** To avoid being caught by the blindfolded players.

1. All the players, except one, are blindfolded.
2. The other player is given a bell, which must be jingled continually while saying "Merry Christmas!" and moving around, trying to avoid being caught by the blindfolded players. Players must not move out of the designated area.
3. The blindfolded players must try to catch the other player. The first player to do so swaps blindfold and bell with the other player.
